ABOUT MYSELF

Machine Learning Engineer Accomplished Machine Learning Engineer with a focus on Deep Learning, Predictive Analytics, and Full-Stack Development. Holds a **B.Sc. in Computer Science (CGPA 3.67/4.00)** with proven expertise in developing scalable AI solutions, including chatbot architectures and data-driven models. Adept at bridging the gap between AI research and production-ready applications within collaborative environments.

WORK EXPERIENCE

Orange Bd Ltd <https://www.orangebd.com>
City: Dhaka | **Country:** Bangladesh

[01/11/2025 - Current]

Software Engineer (AI)
-Establish a smart government framework in Bangladesh by integrating AI-powered chatbots and complementary digital tools.
-Establish a My-gov AI-powered Recommendation System and Smart Search

Time Research & Innovation Ltd <https://timerni.com>
City: Portsmouth | **Country:** United Kingdom

[01/01/2025 - 01/11/2025]

AI/ML Engineer
-Built an avatar chatbot on AWS with D-ID and HeyGen, adding function calling (Calendar, Gmail), session memory, and analytics; reduced onboarding Q&A time by 25–40%.
-Deployed a multilingual speech-to-text and machine-translation pipeline (Whisper and Transformers for BN, EN, ZH, KO) with voice-activity detection and punctuation restoration; lowered WER by 15–25% and improved throughput via batching.

NextStep Writers Publication Ltd <https://www.nextstepwriters.com/>
City: Dhaka | **Country:** Bangladesh

[01/04/2025 - 01/12/2025]

Applied AI Research Consultant
-Conduct **applied research in Artificial Intelligence and Machine Learning**, translating academic and experimental findings into practical solutions.
-Design, develop, and evaluate **ML models, algorithms, and pipelines** for real-world business and technical challenges.
-Analyze large, complex datasets to extract insights, validate hypotheses, and improve model performance.
-Collaborate with clients and stakeholders to **identify AI opportunities**, define problem statements, and propose data-driven strategies.

EDUCATION & TRAINING

[01/08/2021 - 01/08/2025]

B.Sc. in Computer Science & Engineering
University of Information Technology & Sciences (UITS)

[01/11/2024 - 07/11/2025]

Machine Learning (Certification) 2024
Cambridge International Qualification (UK)
Country: United Kingdom | **Level in EQF:** 1

[01/12/2025 - 07/12/2025]

Cloud Computing Certification

National Association of State Boards of Accountancy

Country: United States | **Level in EQF:** 1

[15/12/2025 - 15/01/2026]

GitHub Foundations Certification Prep (Microsoft Learn)

Microsoft Learn (in collaboration with GitHub, a Microsoft company)

City: Online | **Country:** United States | **Level in EQF:** 3

LANGUAGE SKILLS

Mother tongue(s): Bangla

Other language(s):

English

LISTENING: C1 **READING:** C1 **WRITING:** C1

SPOKEN PRODUCTION: C2 **SPOKEN INTERACTION:** C2

PUBLICATIONS

[2025]

A machine-learning framework for enhancing cognitive function using tDCS and Brain Gym intervention

Journal Name: RAAICON

[2025]

Agentic AI Journalist: A User-Centered Accessibility Framework for Real-Time Global News

Journal Name: ACM (TCPS) ,2025 (Under Review).

[2025]

Theory Driven Hybrid Forecasting &Deployment Framework for Place BasedCrime Reduction in Bangladesh

Journal Name: IEEE TCSS, 2025 (Under Review).

PROJECTS

[07/08/2024 - 02/12/2024]

AI-Based Recommendation System

[02/09/2024 - 04/11/2025]

Avatar based chatbot (LLM)- DID Api (Python)

[03/09/2024 - 30/11/2024]

Medical chat-bot based on langchain implementation of LLM + Fastapi

[03/09/2024 - 03/10/2024]

NeuroDetect-MRI-based-Brain-Tumor-Analysis with CNN

SKILLS

Software Development and Software Engineering | Artificial intelligence | Machine learning | Natural language processing | Large language models | Python | RESTful API | FastAPI | Docker | Cloud computing | Amazon Web Services | PostgreSQL | Redis | MongoDB | Linux | JavaScript | Kubernetes | Git | Jenkins | Microservices | Jira | Postman | Git/Github, Docker, Gitlab
